## MEMORANDUM FOR THE RECORD

SUBJECT: Introduced Legislation to Regulate Polygraph  
Examinations

1. Attached for your review is a copy of H.R. 4106, introduced in the House on 6 October 1983. Its stated purpose is to regulate polygraph and other detection of deception examinations and to prohibit certain practices with respect thereto for the purpose of protecting the privacy rights of employees and individuals seeking employment with employers engaged in any business or activity in or affecting interstate commerce while permitting such employers to use such examinations to protect their businesses and control property losses attributable to employee theft and other acts of misconduct.

2. Initial legal opinion finds that this Bill, were it to succeed to enactment, would not affect either the Agency or industrial contracts. If this initial legal opinion holds, the Agency's Industrial Polygraph Program (IPP) would not be impacted. This Bill, therefore, is being provided to you at this time for information purposes only.

3. The Office of Legislative Liaison will continue to follow this Bill and report its progress to you as appropriate.
